Aims & Purposes of the School of Music and Arts Day Camp

The School of Music & Arts program is designed to build discipline, increase confidence, encourage leadership, and enhance the readiness to learn, of students in grades 3 thru 12. The program will provide activities, resources, and incentives that will motivate and guide each student to achieve success now and in the future. The curriculum will include but is not limited to brass band, piano, guitar, art, dance or any other discipline that may be helpful in achieving our goal. Pursuit and participation in the arts is recognized as helpful in developing life-skills through self-application and discipline. We expect that our Students' progress will be reflected in academic performance recorded on their regular school report cards. Our Students' success will also require that parents and guardians be committed to support their efforts in every possible way. It is our intention to achieve these goals in a Christian atmosphere conducive to willing self-application, discipline, learning and development.
